O R D E R:

In the letter 3rd read above, the Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, based on the report of the Chief Engineer, Krishna Delta System has furnished a detailed proposal and recommended to the Government to accord permission to M/s Eindana Energies Private Limited, to draw 1200 KL/day or 0.4905 Cusecs per day or 0.015 TMC per year of water from Krishna River above Prakasam Barrage at Emmajigudem (V), Bellamkonda (M), Palnadu District, subject to the following terms & conditions:

1. The water can be spared only subject to the availability of water in the Krishna River.
2. This permission is limiting for drawl of allocated water only.
3. Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the department authorities and the representatives of the users shall be present at all times of inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the Department.
4. The industry should pay the water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate/royalty the permissions to draw water shall stands cancelled.

5. The industry should obtain the prior approvals and concurrence from concerned departments for laying pipelines and for crossing etc., where ever necessary.
6. No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease should be paid as fixed by Government only.
7. The industry should make their own arrangements to dispose the treated effluents as per norms of A.P Pollution Control board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the A.P. Pollution Control Board is to be obtained in this regard by the firm before drawl of water from the source.
8. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
9. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
10. The industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permissions are to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the industry.
11. The water drawn from the Krishna River should be utilized for the purpose for which the permission is granted.
12. The Industry should follow the rules and regulations of Revenue and other Departments, wherever necessary.
13. The Industry shall pay security deposit at 5% on 10 years water charges for which permission is granted.
14. The industry shall pay one year water charges as advance and any amount due to the Department before entering into agreement.
15. The Industry has to conclude agreement with the officers concerned of Water Resources Department.
16. The Industry shall abide by R.C.Act-1884 and any other condition laid down by the Government Department from time to time.
17. The Industry should make its own arrangements for storage of water in their premises only and to conclude agreements accordingly.
18. The permission accorded shall be for a period of 5 years only. The permission shall be renewed well in advance before the expiry of permission.
19. The Industry shall abide by any other conditions laid down by the Government Department from time to time.
20. The Industry has to pay the water charges for the allocated quantity in advance as the start of the financial year i.e., before 10th April every year as per BSO.

21. The water charges shall be paid for the actual allocated water or utilized water, whichever is more.
22. Under any circumstances, the consumptive utilization should not exceed the quantum of water allotted by the Government. Any misuse in this regard will entail cancellation for the permission without any notice and liable for imposition of penalty.
23. The proposed drawl for this plant should not affect Lower riparian rights (LRR) and Upper riparian rights (URR) in any manner.
24. The Department is no way responsible for any damages that may occur to the off take point due to floods or on account of any other reasons.
25. The permission does not confer any riparian right to the industry.
26. Non-Adherence to any of the above condition by the industry will entail cancellation of the permission.
27. The Firm has to produce the relevant records for Departmental verification at the end of each quarter periodically.
28. The water royalty charges may be revised by the Government from time to time and the Industry has to pay the revised rates as fixed by the Government from time to time.
29. The concerned Executive Engineer will be responsible for enforcing the conditions.
30. The firm has to obtain separate permissions for location of intake structures, pump house and laying of pipe lines etc., by submitting the separate proposals to the concerned authorities along with design reports and drawings. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the industry only.
31. In case of crossing Government/Irrigation lands, suitable land plan schedules duly submitting the proposal to the concerned Departments for approval of lease for using those lands.
32. Firm has to submit the authenticated copies of the all the approvals obtained from the concerned department before drawing the allocated water.
33. Firm has to draw the water during the flood/surplus period only. Firm has to make its own arrangements to store the required water for the remaining period of year other than flood period/surplus.

2. After careful examination of the proposals and on the recommendations of the Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Government hereby accord permission to M/s Eindana Energies Private Limited to draw 1200 KL/day or 0.4905 Cusecs per day or 0.015 TMC per year of water from Krishna River at Emmajigudem (V), Bellamkonda (M), Palnadu District for a period of five (5) years, subject to the terms & conditions as mentioned at para (1) above.

3. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer, Krishna Delta System Vijayawada, and the Collector & District Magistrate of Palanadu District shall take necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
